DECO DESIGNS

Vibrant blue Kenyan butterflies and purplish-blue vanda orchids glow softly against a deep parchment background on **VANDA** (right), a sateen weave design of exotic flora and fauna, framed with velvet piping. Rich velour towels are embroidered with butterflies and orchids and embroidered silk bed spreads and cushions add gorgeous layers of texture.

Graminé

GRAMINÉ (left) is a jacquard woven sateen design featuring grass leaves in two different colourways, a golden honey hue on a teal background (a perfect co-ordinate for **VANDA**) and a positive/negative play in shades of pale 'dune' and silvery grey. **Luxury silk lingerie** adds the glamour touch.

SOPHISTICATES

Utterly elegant, **ZEN** (right) offers a tranquil, urban look, that takes its cue from the bespoke tailoring of Savile Row. A yarn-dyed stripe with a soft sateen finish features charcoal pinstripes on a white background. Piping using the stripes at an angle recalls traditional tie patterns.

MASCULINE

BIVOUAC (left) incorporates ecru, black and chestnut into a graphic design inspired by a tribal pyramid pattern from South Africa. Handsome towels (below) with a wide border echo the bed linen.
